Dear Parents/Carers

I am thrilled to be writing this letter to share the news that following a recent Ofsted inspection Temple Grove Academy has been rated “Good” in all five areas considered by the inspection team.

This is the first time in 14 years that this school has achieved a “Good” rating and we hope that you are as pleased about this result as we are.

As you know the school has a relatively new leadership and staff team. They have brought about a significant amount of change over the last 18 months, some of which we acknowledge has been unsettling. Our overriding aim has been to ensure that your children get the primary education that they deserve, and we are delighted that Ofsted have fully recognised the extent of the change and our ambitions for your children.

This fantastic result would not have been possible without the hard-working team of teaching, non-teaching and support staff; the Local Governing Body; and the Parent Fund Raising Group. I extend my thanks to them all for their ongoing effort and support.

Education must run in parallel and partnership with a child’s family. One of the things we are most proud of, and that we believe has been key to the Ofsted grading, is how you as parents have worked with the Consultant Headteacher and the wider team at the academy to support them and to help them improve the education for your children. You want the best for your children and so do we.

With your ongoing support, we will continue to be ambitious and have high expectations for your children enabling them to reach their full potential.

Yours sincerely

Mark Dugdale, Chairman
