Dear children,

As you probably know, the Government has asked all schools to close for most children to try to stop more people becoming poorly from the Coronavirus. Some children will still be coming into school because their parents/carers have jobs that will be helping to keep people safe and well, but everyone, whether at home or in school, has access to work on the school website where you will find lots of exciting ideas to help you carry on with your learning. On our website, click on the 'parents' link and then 'home learning' where you will find the work that you have been set.

Last week was a very challenging week and all of the teachers, teaching assistants and all other school staff have been hugely impressed and touched by the incredible kindness, determination and resilience you have all shown in dealing with the different challenges at school. However, now is the time to stay at home to keep you and your family safe and well, but us as a staff we wanted to tell you a few things:

You are a pleasure to teach and we will miss having you in our classrooms, working so hard, sharing your fantastic ideas and being kind and supportive to one another. You are why teachers want to teach and the reason that we wake up early every morning and leave late every evening. We will be thinking of you every day but we know that you can be trusted to help each other in your homes and continue to be kind to one another (as you always are). Although we cannot be with you, we will always be at the end of an email if you are worried about anything at all.

When everything gets back to normal, we will be back at school raring to go - excited to have you back in the classroom where you have and will continue to flourish as learners and human beings.

Remember: stay positive, stay smiling and continue to be the wonderful children that you are know you are.

All the staff at Temple Grove Academy.
