

Reception Home Learning Ideas

Dear Parents/Carers,

Thank you to everyone who has either emailed me or uploaded work/ pictures to Tapestry. I love seeing what you are all doing. I hope you are all staying healthy and safe.

Routine/ Timetable Idea

Activity 1: Physical Exercise. This could be PE with Joe Wicks (YouTube: The Body Coach TV), run around the garden, jump on a trampoline or a walk with your family.

Activity 2: Maths.

Activity 3: Practical activity.

Activity 4: Literacy – Reading and writing.

Activity 5: Practical activity.

All child need lots of time to 'play' away from screens and technology. If your child enjoys playing on technology, maybe add a time-slot to his/her timetable for the day – it can be something to look forward to.

Ideas

WEEK BEGINNING: Monday 4th May 2020

Activity 1 (Physical Exercise):

- PE with Joe Wicks on Youtube (either at 9am or can be replayed at any time of the day)
- Practise a mindfulness activity. This could be some yoga or a GoNoodle video. There are lots of videos on YouTube for children to follow.
- Do some active activity that you enjoy – jumping on a trampoline, riding your bike, play IT with your siblings, etc.

Activity 2 (Maths):

- Go to <https://www.topmarks.co.uk/maths-games/hit-the-button> and practise your number addition of number to 10 and your number bonds to 10.
- **Number of the week is 12.** This number is $10 + 2$ (not a 1 and 2). See if you can find this number when you are out and about. Take photos. Can you build a model with only 12 pieces, Can you count out 12 from a larger group (e.g. when doing the Funky Fingers challenge), can you find this number in your house?
- Using 12 objects (lego bricks, pom poms, buttons, counters, cheerios), Can you split your 12 into 2 groups? How many are in each group? How many different ways can you split 12?
- Ask a grown up to write the numbers 1-12 on pieces of paper. Muddle them up and then reorder them. Ask a grown up to take one away. Can you work out which number is missing?

Activity 3 (Practical):

- Help wash the dishes or load/ unload the dishwasher. Can you tidy your room? Make your bed? Fold your clothes?
- Look through old photos or videos of you with your family and friends. Talk about past events with your siblings or adults.
- **Funky Fingers Challenge:** You will need an empty egg carton, small lego bricks OR pompoms OR buttons (a large selection works best), tweezers or a peg. Can you move the lego bricks/pompoms into the egg carton using the tweezers/peg? Ask an adult to write the numbers 1-12 in egg sections (randomly). Can you put the objects into the carton in the correct order (following the numbers) and using the tweezers/peg?
- Create a collage using old cards, magazines, wrapping paper or pictures. You will need scissors, glue and plain paper to stick it on. Can you make a picture of a minibeast, or a family member?

Activity 4 (Reading and Writing):

- What is your favourite thing to do during lockdown? Ask a grown up to take a picture and can you write a sentence or 2 about it? For example, I like to I like it because.....
- Go to <https://new.phonicsplay.co.uk/resources/phase/2> and practise your blending. Remember some words are fake or made-up words. You should know all the phase 2 sounds now so practise 'All Phase 2'. If you have come across some digraphs in your reading, please also use the Phase 3 games to practise reading the digraphs.
- Use the words on your reading sheets to write sentences, e.g. I can smell a flower. A frog can jump.
- Look at https://www.oxfordowl.co.uk/for-home/find-a-book/library-page?view=image&query=&type=book&age_group=&level=&level_select=book+band+3%3A+yellow&book_type=&series=#

There are a selection of reading books available online for your child to practise his/her reading. Please go to Level, Book Bands and most children are working within Pink-Yellow. You may come across digraphs ("2 letters, 1 sound"). Please look at the link below to help explain these sounds:

<https://www.bbc.co.uk/cbeebies/grownups/the-alphablocks-guide-to-phonics>

Go to the Digraph section (Yellow).

- Remember to read a little every day and to try and get a bedtime story in most nights.

Activity 5 (Practical):

- Go on a minibeast hunt and see how many you tick off the list below (if you are unable to print, maybe write a list while you are out or take photos)
- Watch the Cbeebies clip all about ladybirds <https://www.youtube.com/watch?v=nl7KqpqoN9o>
- make some ladybird art using potato printing. See her for how to do it:
<https://www.youtube.com/watch?v=SXZvmdE0BNI>
- you could also find a stone and paint it like a ladybird to place in a pot or in your garden.

Worm

Bumblebee

Ladybird

Moth

Snail

Spider

Millipede

Slug

Butterfly

Did you find them all?

Feel free to copy and share this for personal and educational use -
 and don't forget there are loads more brilliant activities to download on our website!
