Message from the School Senior Leadership Team

It was absolutely fantastic to welcome all of the children from years 1 to 6 back to school yesterday! All of the children returned looking very smart and wearing a big smile! The younger children in particular did ever so well in finding their new classrooms and settling in so quickly.

It was also lovely to have a whole school assembly for the first time in what seems like forever! Having all of the children together is something that all of our staff have greatly missed.

Walking around the school yesterday was a great opportunity to witness the wonderful classroom environments and learning behaviours of all of our children. This is in no small part down to the hard work of all of our teaching and support staff, so thank you to all involved.

Star of the week assemblies will begin next week but we are unsure yet as to whether parents can attend – this will be communicated in due course.

Have a lovely weekend,
The Senior Leadership Team

Safeguarding

If you are concerned about the safety or wellbeing of a child please contact the NSPCC on their helpline: **0808 800 5000** or email help@nspcc.org.uk

If you believe that a child is in immediate danger call 999. Our school safeguarding leaders can be contacted by emailing

Latest Guidance

If your child has symptoms of COVID-19, please ensure that they and other members of the household isolate and inform the school of this. Do - then - immediately order a PCR test. If the result of the PCR test is negative, they and other members of the household can stop self-isolating. If the result is positive, they, other members of the household and close contacts should isolate for 10 days after the onset of symptoms.

If your child has a positive result on a Lateral Flow Test, they should contact the school, isolate and order a PCR test. If the result of the PCR test is taken within two days and negative, they and other members of the household can stop self-isolating. If positive, follow the same steps as within the first paragraph.

PCR test can be booked online through the *NHS Test & Trace website*.

Should you have any questions, please contact the school office and please be cautious of all eventualities.
