

Text of the Term: *Supertato*

# Year Reception – Summer term

Writing	Reading	Numeracy	Understanding the World
<p>As we delve into the topic of "Healthy eating" and "My Body," children will have the opportunity to apply their spelling knowledge to practical tasks such as creating shopping lists and crafting descriptive sentences. Through these activities, students will not only reinforce their understanding of spelling but also enhance their vocabulary and language fluency.</p> <p>By integrating spelling instruction within the context of these topics, we aim to foster a deeper connection between language learning and real-world application.</p>	<p>As we progress into Phase 4 of our Phonics program, children will not only consolidate their spelling skills but also embark on a journey of reading longer texts that correspond with our progression plan.</p> <p>Aligned with our comprehensive Phonics program, Phase 4 introduces children to new phonemes and tricky words, paving the way for more advanced reading skills. From decoding longer words to looking at meaning of sentences, children will develop the confidence and fluency needed to navigate increasingly challenging texts.</p>	<p>Building upon the foundational understanding of numeracy, children will embark on an exploration of larger numbers and their applications in real-world contexts. Through hands-on activities, interactive games, and collaborative learning experiences, children will develop a strong conceptual understanding of numbers 10 and beyond.</p> 	<p>In the upcoming term, we're learning about healthy eating and understanding the human body. Through a variety of experiences, we'll embark on a journey to explore the connection between nutrition and well-being.</p> <p>Reception will delve into the world of food groups, discovering the importance of a balanced diet and how it fuels our bodies. Through hands-on experiments, sensory exploration, and adult-led discussions, children will develop a deeper understanding for the impact of healthy eating habits on their physical health and mental well-being.</p>
Physical Development	Art/DT	PSHE	Other
<p><b>Refining Fine Motor Skills:</b> We will continue to focus on developing fine motor skills through activities that encourage precision and control, such as threading beads, cutting with scissors, and drawing with pencils.</p> <p>Reception children will strengthen their hand-eye coordination and dexterity, laying the foundation for handwriting and other fine motor tasks.</p>	<ul style="list-style-type: none"> <li>• Create their own plates filled with nutritious fruits and vegetables, using cutting and sticking skills</li> <li>• Describing and representing the colors and textures of healthy eating.</li> <li>• Create mixed-media collages depicting the journey of food from farm to table, showcasing their understanding of where our food comes from and how it nourishes us.</li> </ul> 	<p>Through stories, games, and guided discussions, Reception will learn to identify and express their feelings, understand the feelings of others, and develop strategies for managing emotions effectively. Children will learn the importance of kindness, empathy, and cooperation in building positive relationships with their peers.</p>	<p><b>Forest School</b>            Tue 23 April            Tue 7 May            Tue 21 May</p>
